📍 Visakhapatnam, Andhra Pradesh, India

Career Objective

Computer Science undergraduate at Andhra University with strong programming, analytical, and problem-solving skills, supported by practical experience in software development and AI/ML projects. Seeking opportunities to contribute to innovative technology solutions, leverage technical expertise in real-world applications, and continuously expand knowledge while driving organizational success.

Education

- B.Tech in Computer Science and Systems Engineering
Andhra University, Visakhapatnam
Expected Graduation: May 2027 | CGPA: 9.00
- Intermediate (Board of Intermediate Education, AP)
Sri Chaitanya Junior College, Visakhapatnam
Year of Passing: 2023 | Percentage: 97.5%
- ICSE – 10th Grade
Kotak Salesian School, Visakhapatnam
Year of Passing: 2021 | Percentage: 88.5%

Technical Skills

- Programming Languages: C, Java
- Frameworks/Tools: VSCode
- Concepts: Data Structures, Operating Systems, Machine Learning, Data Base Management Systems

Certifications

- Affective Computing- NPTEL Course- 93%
- Database Management Systems- Infosys Springboard Courses
- NoSQL Database- Infosys Springboard Courses
- Computational Thinking for Problem Solving – University of Pennsylvania (Coursera), 2024
- Web Basics – Sparta Coding Club India, 2024

Projects

- Fitness And Health Tracker Project
-A web application that helps users monitor their fitness activities, calculate BMI, and track calories consumed and burned.

Internship Experience

- HPCL Internship- June, 2026- Present
- Infosys Springboard Internship- February, 2026- April, 2026
-Completed a project title “Java Based Fraud detection and transaction simulation engine for Digital Banking”
- Foundations of AI Internship – Edunet Foundation & AICTE
April 2025
- Completed a 4-week internship focused on hands-on implementation of ML models.
- Gained experience in computer vision using YOLOv5 and OpenCV.

Hackathons & Research Interests

- Building Towards a Smart Nation (Smart India Hackathon- Internal)-
September, 2025- Developed a prototype on “Online Sports Talent Assessment System” for accessing talents from various places.
- HackAP Hackathon (Nov 2023) – Built a tech solution focused on Tribal Welfare using mobile-first design and low-bandwidth optimization.

Leadership & Campus Engagement

- DSA Chapter, Codeiam Club
Co- Lead (From Oct, 2025 – present)
Executive Member & Co-Social Media Handler (May, 2024- Oct, 2025)
- The Communicons Club – Executive Member

Workshops & Seminars:

AI Tools & Generative AI Seminar – Readdy Company, 2024
- Learned the practical implications and ethics of generative AI tools.

Languages

English – Fluent
Telugu – Proficient
Hindi – Basic
